Amazing life bus visit!

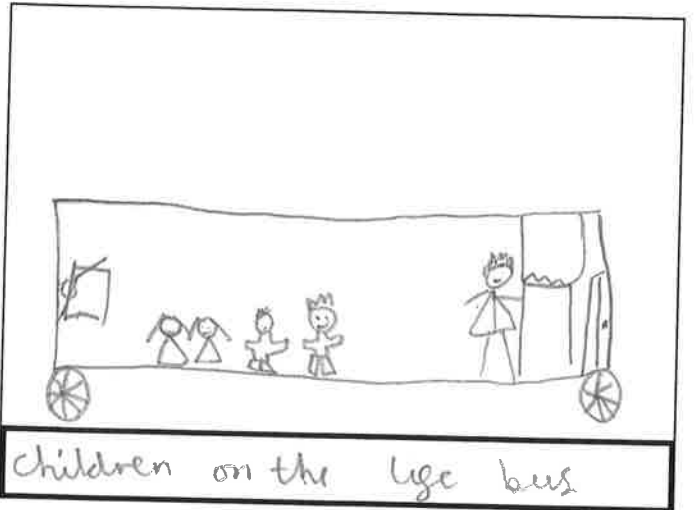

By Nina

On the 3rd and 4th of October the life bus went to Caldecote Primary School Cambridge to teach other children and they go to many schools.

The life bus is little but if we had one class in that will make fair room for all of us.

The life bus is fantastic because if it is called a life bus that means it is all about life. If it is all about life it is about life because if children don't know about life they won't know

Natie explained "They watched a video all about friends and 1 person reported in the life bus some are illegal drugs.
