### ***Topic related activities.***

***We would like you to complete at least 3 of these (but you can do more!)***

- Find your 3 favourite items that you would keep forever if you could. Take photos of them for seesaw. Explain why they are your favourite items.
- Spot and talk about different types of vehicles while you are out and about with your family and how they have changed over time.
- Create a 2-D city shape picture. Can you label the shape names? What are the properties of the shapes in your picture?
- Search the web with an adult to find images of 5 different capital cities in the world. Can you find and record a short fact about each city?
- Visit a city near you with an adult. Look out for interesting buildings that are different sizes and shapes. Make a list of the sights, sounds and smells that you discover. You could even draw a simple map of your journey.
- Take your teddy on a visit to a city near you. Write a simple diary entry about your teddy's day out, including what he or she saw and felt. Illustrate teddy's diary.
- Create and label a picture or map of a fantasy city. What type of buildings would be in your city and what would they look like? What transport would people use in this city?
- Build a real or fantasy city using Lego, blocks or 3-D junk material from home. Play with your city using figures and vehicles.
- When possible, visit your local library with an adult and search for non-fiction, fiction or poetry books about cities. Read and enjoy them with an adult.
- Create a city song to the tune of "The Wheels on the Bus". Your song should start with, 'I went to the city, and I saw...'
- Using any resources you would like, find out 5 interesting facts about London. Why do you think they are interesting?
  - Draw a map of how the fire spread through London.

***These can uploaded to Seesaw at any time before Friday 17<sup>th</sup> October and will be shared each week. Have fun!***
