

BLUE CLASS HOME LEARNING

Autumn 1: Woodland

Daily / Weekly

- **Reading:** read **with** your child for a minimum of 15 minutes each day and discuss the books that you read together
- **Spellings:** see lists on Seesaw
- **Number:** count forwards and backwards to 50 from 0
- **Number:** Count in 2's and 10s forwards and backwards

Topic related activities

Please upload any home learning on to Seesaw and we will share it in class.

Thank you!

We would like you to complete at least 3 of these (but you can do more!)

Please have these completed by 18th October

- Take photographs of interesting trees to show your friends at school
- Search the web for images and facts about amazing woodlands or forests around the world; make a scrapbook showing your favourite ones
- Go on a tree hunt - can you find an evergreen and deciduous tree?
- Make patterns and sculptures using natural materials in your garden and take photographs of your artwork
- Find out about famous artists who use the woodland and flowers for inspiration
- Have fun building a den with your family or friends; draw a picture or take a photograph to show your friends at school
- Make miniature homes and gardens for fairies, elves and pixies from natural materials such as bark, pebbles, twigs, leaves and pine cones.
- On a visit to a supermarket, find plants you can eat including herbs, vegetables and fruits. Which part of the plant are they? The roots, leaves, flower or stem?
- Visit a garden centre. How many plants can you name? Find out the names of plants you don't recognise.
- How much do different plants cost at the garden centre?
- Grow your own herb garden at home. Can you make a delicious recipe using your home grown herbs?
- What animals can you spot in your garden, in the woods, at the park?
- What animals might live in the woods?
- Draw or paint animals that would live in woodlands. Describe the animals.

Have fun!
